Content Platform

Stream African mini-series, dramas, and short-form content with Netflix-quality experience

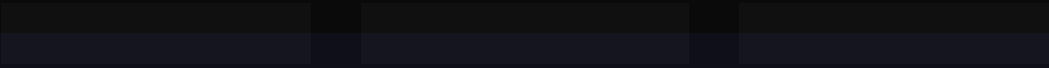

Creator Economy

Comprehensive monetization tools: tips, shops, early access, sponsorships, and automated payouts

African-First

Built for African audiences with M-Pesa integration, local languages, and mobile-optimized design

Our Mission

To democratize African storytelling by providing creators with world-class tools to produce, distribute, and monetize their content while delivering an immersive viewing experience to audiences worldwide.

Viewer Experience

A premium streaming experience designed for mobile-first African audiences with engaging features that keep viewers coming back.

Netflix-Style Streaming

Premium video playback with adaptive quality streaming. Our multi-tier fallback system ensures smooth playback across all network conditions.

- ✓ HLS adaptive streaming (auto quality adjustment)
- ✓ MP4 fallback at 720p, 480p, 360p
- ✓ Bunny.net CDN for global delivery
- ✓ Offline download support (coming soon)

Stories/Reels Mode

TikTok-style vertical video browsing for free content. Swipe through episodes in an immersive full-screen experience.

- ✓ Full-screen vertical video player
- ✓ Swipe navigation between episodes
- ✓ Creator info overlay with follow button

✓ Like, share, and
tip actions

Smart Recommendations

AI-powered content
discovery that learns from
viewing habits to serve
personalized suggestions.

- ✓ Personalized "For You"
feed
- ✓ "Because You Watched"
suggestions
- ✓ Trending content from
real-time activity
- ✓ Genre-based discovery

Coin Economy

Engage with content
through our virtual
currency system.
Earn coins through
activities and spend
them to support
creators.

- ✓ Daily check-in
rewards
- ✓ Achievement-
based earnings
- ✓ Referral bonuses
- ✓ Leaderboard
rankings

Smart Search

Auto-complete, trending searches, filters by genre/rating, and search history

Watch Parties

Synchronized viewing with friends, real-time chat, and shared reactions

Multi-Language

English, Swahili, and French with subtitle support for accessibility

Creator Portal

Professional-grade tools for content creators to produce, manage, and monetize their work with unprecedented control.

Content Management

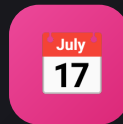

Upload, organize, and publish your series with ease

Batch Episode Upload

Upload multiple episodes at once with drag-and-drop simplicity. Progress tracking shows upload status with thumbnail previews.

- ✓ Drag & drop file selection
- ✓ Bulk metadata editing

Episode Scheduler

Queue episodes for timed release with timezone support. Notify subscribers automatically when new content drops.

- ✓ Timezone selection (EAT, WAT, EET, UTC)
- ✓ Early access hours for premium subscribers

- ✓ Season organization
- ✓ Automatic CDN distribution

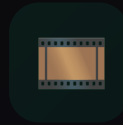

- ✓ Subscriber notifications
- ✓ Release countdown timers

AI Thumbnail Generator

Generate stunning thumbnails with AI. Multi-provider system uses OpenAI and Gemini for high-quality results.

- ✓ Custom prompts with style options
- ✓ Genre-based auto-generation
- ✓ A/B testing with multiple variants
- ✓ One-click apply to series/episodes

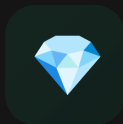

Trailer Creator

Automatically compile highlights from your episodes into promotional trailers with AI scene detection.

- ✓ AI-powered scene detection
- ✓ Background music library
- ✓ Multiple export formats
- ✓ Title and end cards

Monetization Suite

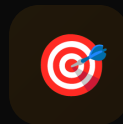

Multiple revenue streams to maximize creator earnings with transparent, creator-friendly terms.

Tip Jar System

Receive tips from fans with 5 tiers featuring stunning visual effects. Creators receive 75% of all tips.

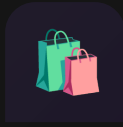

- ✓ Small (10), Medium (50), Large (100) coins
- ✓ Super (500), Mega (1000) coins
- ✓ Visual effects: sparkles, hearts, fireworks
- ✓ Anonymous tipping option

Tip Goals & Fundraising

Create public fundraising campaigns for special projects. Track progress and celebrate with contributors.

- ✓ Up to 3 active goals per creator
- ✓ Goals from 100 to 1M coins
- ✓ Progress tracking with contributor list
- ✓ Video player integration

Creator Shop

Sell digital and physical merchandise directly to fans. Full inventory management and order fulfillment system.

- ✓ Digital items (instant delivery)
- ✓ Physical merchandise with shipping
- ✓ Image upload for products
- ✓ Order fulfillment with tracking

Early Access Subscriptions

Offer exclusive early access to dedicated fans. Three tiers with configurable pricing and access windows.

- ✓ Basic Tier: 24 hours early
- ✓ Premium Tier: 48 hours early
- ✓ VIP Tier: 72 hours early
- ✓ Per-series or per-episode configuration

REVENUE STREAM	CREATOR SHARE	PLATFORM SHARE	PAYOUT SPEED
Tips (Tip Jar)	75%	25%	Instant to balance
Shop Sales	75%	25%	Instant to balance

REVENUE STREAM	CREATOR SHARE	PLATFORM SHARE	PAYOUT SPEED
Episode Purchases	60%	40%	After 25% platform fee
Early Access	70%	30%	Monthly
Sponsorships	85%	15%	Per campaign

Analytics & Engagement

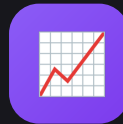

Deep insights into your audience and powerful tools to build community around your content.

Real-Time Analytics

Live dashboard showing earnings, views, and engagement as they happen. Make data-driven decisions.

- ✓ Live viewer count
- ✓ Hourly earnings breakdown
- ✓ Geographic distribution
- ✓ Device and platform analytics

Content Performance

Understand what resonates with your audience. AI-powered insights help optimize your content strategy.

- ✓ Episode retention analysis
- ✓ Genre performance comparison
- ✓ "Best Time to Post" recommendations
- ✓ Audience segment breakdown

Fan Polls & Q&A

Engage directly with your audience through polls and question sessions. Build community and gather feedback.

- ✓ Multiple choice, Yes/No, Rating polls
- ✓ Q&A with upvoting system
- ✓ Pin polls to series pages
- ✓ Real-time results

Milestones & Achievements

Track your journey with achievement badges. Earn bonus coins for hitting major milestones.

- ✓ 5 categories: Views, Episodes, Earnings, Series, Streak
- ✓ Multiple tiers with escalating rewards
- ✓ Celebration animations
- ✓ Public badges on profile

Product Roadmap

Our vision for the future of African content streaming with exciting features on the horizon.

COMPLETED

Phase 1

Core Platform (✓ Complete)

Full streaming platform with viewer experience, creator portal, admin dashboard, monetization suite, analytics, and AI tools. 100+ features implemented and tested.

IN PROGRESS

Phase 2

Payment Integration

M-Pesa, Airtel Money, and Stripe/Flutterwave integration for real-money transactions. Enable creators to cash out earnings and viewers to purchase coins with local payment methods.

UPCOMING

Phase 3

Subscription System

Premium subscription tiers with auto-renewal, exclusive content access, ad-free viewing, and enhanced creator tools for subscribers.

PLANNED

Phase 4

Offline Downloads & Live Streaming

Download episodes for offline viewing with encrypted storage. Launch live streaming for creators with real-time chat and live tipping.

VISION

Phase 5

Mobile Apps & Global Expansion

Native iOS and Android apps via Capacitor. Expand to new African markets with localized content and regional payment methods.

Why Partner With Kona?

Join us in revolutionizing African content streaming with a platform built for scale, engagement, and creator success.

Production Ready

100+ features built, tested, and ready for launch. Full ecosystem for viewers, creators, and administrators.

Creator-First

Industry-leading 75% revenue share for tips and shop sales. Comprehensive monetization tools.

African Market

Built specifically for African audiences with local payment methods, languages, and mobile-first design.
